Come and discover this authentic 17-meter-long and 4.40-meter-wide barge dating from 1950, beautifully fitted out. It combines classic character with modern comfort, making it ideal for onboard living or river getaways. First of all, the wheelhouse features a tastefully fitted kitchen, spacious and welcoming, with direct views over the water. Then, the lower-level lounge opens onto a large corridor leading to a cabin with a central double bed, a bathroom with a bathtub, as well as a separate toilet. The minimal number of steps makes moving around on board easy and comfortable.

Make the most of the outdoor spaces: a lovely aft terrace designed for relaxing and entertaining, as well as a foredeck that can be used as a terrace to enjoy every moment on the water.

Finally, this 17-meter barge is a true floating haven: bright, functional, comfortable, and ready to accommodate your cruising plans or life on board.

Moorings are available in our ports in Saint-Jean-de-Losne and Auxonne (21), allowing for a simple, quick, and secure installation. We can also assist you with financing options to help bring your project to life.
