Mooring place : Parisian region

160000 €

Discover this 19.50-metre houseboat offering a beautiful living space. It has a pleasant outdoor terrace, ideal for enjoying sunny days on the water. Inside, the bright and spacious living room and kitchen form a truly convivial and comfortable heart of the home.

A staircase leads to a large hallway that serves three bedrooms, allowing you to welcome family and friends or set up an office space. The boat also includes a bathroom with shower and WC, as well as a second WC upstairs for added everyday comfort.

The outdoor wheelhouse is uncovered to limit draught and allows for open-air steering. The boat has solar panels, which provide additional energy autonomy.

The exterior was repainted in 2025. Interior finishing and refurbishment work is to be expected, leaving the possibility to personalise the spaces according to your tastes and plans.

This 19.50-metre barge represents a rare opportunity to create a unique living space on the water, whether as a primary or secondary residence on the outskirts of Paris. It offers an incredible amount of living space thanks to its two levels.

The service charges are approximately €400 and include water, electricity and the marina's sanitary facilities. The current pitch is available for sale separately via a notarised deed. Please contact us for the price.

Mooring places are available in our ports in Saint-Jean-de-Losne and Auxonne (21), ensuring a simple, secure and convenient installation. We can also assist you with financing options to help bring your project to life.
