19M CABOTAGE VESSEL

A former coastal cargo vessel dating from 1900, this 19-metre cabotage vessel was converted into a liveaboard in 1990 while preserving its original authenticity and charm. Today, it offers a bright, comfortable living environment, both at berth and while cruising.
The outdoor areas allow you to enjoy life on the water, whether moored or underway. Inside, the layout is practical and well designed. A corridor includes a freezer, a washing machine and a tumble dryer.
The owner’s cabin has a central double bed and a wardrobe. A guest cabin with bunk beds and a wardrobe provides additional sleeping space; please note that the beds are 1.80 m long. The layout is completed by a bathroom equipped with a shower/bath and a toilet.
Full of character, this 19-metre cabotage vessel will appeal to lovers of classic vessels looking for a place to live, equally enjoyable for living aboard or cruising.
Moorings are available in our marinas in Saint-Jean-de-Losne and Auxonne (21). We can also assist you with financing solutions to help bring your project to life.
