31.06 METRE LUXEMOTOR BARGE

This 31-metre barge offers potential that lends itself equally well to a floating primary residence, tourist accommodation or professional activity, thanks to its attractive volumes and versatile layout.
The single-level aft deck provides direct access to the wheelhouse, now converted into a large kitchen bathed in natural light, exuding a warm and friendly atmosphere.
Descending the staircase on the starboard side, you arrive in a spacious, open-plan living area, offering endless possibilities for your interior design.
On the starboard side, a corridor leads to two cabins, each with its own private shower. The forward cabin also has direct access to the terrace. A third cabin, the captain’s cabin, completes the sleeping accommodation. The clean and well-organised engine room is located below the wheelhouse, which also houses a WC.
The wide gangways, spacious terrace and sturdy structure are testament to the quality of this boat’s construction. The hull was repainted green in early 2025. The Union Certificate, valid until 2032, authorises the 31-metre barge to sail in zones 3 and 4.
If you wish, we can arrange a virtual tour of the boat. Contact us for more information.
Please note that mooring places are available in our port in Saint-Jean-de-Losne (21), for a simple, quick and secure installation. We can also assist you with financing to help you realise your project.
