

## 38 M BARGE "RIO NEGRO"

38.25 m x 5.04 m - 4  
couchage(s) - 3 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

**20000 €**

Discover this authentic 38-metre Freycinet barge built in 1958 by Hans Leffer Shipyard, offering a unique living environment and ready to move into immediately. Its comfortable layout and generous interior volumes make it an ideal property both as a primary residence and as a holiday home.

The barge features a pleasant terrace, perfect for relaxing, three cabins, two shower rooms with two toilets, and a fully equipped galley. In addition, it has been regularly maintained, including a hull repaint below the waterline carried out in 2024.

Some exterior paintwork is required to enhance its appearance. However, the vessel is overall in good condition and ready to welcome its new owners.

This 38-metre Freycinet barge perfectly combines historic charm, the comfort of a true floating home, and the character of a quality-built vessel. It represents a great opportunity for boating enthusiasts or anyone looking to embrace life on the water.

Please note that the Union Certificate will need to be renewed. Additional photos and 360° views will be available online soon.

Moorings are available in our marinas in Saint-Jean-de-Losne and Auxonne (Burgundy, France). We can also assist you with financing solutions to help turn your project into reality.

## Features of the boat

### Generalities
