AMERGLASS 32AK

Attractive sea and river cruiser built in 1973. Formerly owned by Charles Pilorget, president of the SNSM, it was used for towing operations.
The current owner bought her in 2020 with a view to a Tour de France sea-river. To this end, he had a complete overhaul and a number of modifications carried out by professional shipyards at a cost of €30,000. The boat has an aft cabin (2 berths), a double berth by lowering the saloon table and a single berth forward, a galley with a large work surface and plenty of storage space.
This tour of France, from Morbihan to Morbihan, took 7 months over 3 years and was completed in July 2023: 2448 km in fresh water, 500 miles at sea and 450 locks.
