Discover this 11-metre Aquanaut motor cruiser built in 1994, a Dutch-built vessel renowned for its robust construction, comfort, and excellent cruising capabilities both at sea and on inland waterways.

Offering generous interior volumes, this boat can comfortably accommodate 5 to 6 people. It represents an excellent opportunity for boaters looking for a liveaboard vessel with great potential.

Boarding is via a pleasant aft deck equipped with an outdoor helm station, providing excellent visibility and a convivial space to enjoy cruising and mooring stops. Inside, the bright saloon features a convertible sofa that transforms into a double berth, as well as a second indoor helm station, particularly appreciated in all weather conditions.

The fitted galley allows comfortable onboard living, while the bathroom is equipped with a shower and toilet. At the stern, the owner's cabin offers a large central double bed and ample storage space. Forward, the dinette easily converts into an additional double berth, optimizing the boat's accommodation capacity.

Thanks to its sturdy design and practical layout, this motor cruiser is an excellent compromise between a floating home, an inland cruising boat, and a coastal leisure cruiser.

This 11-metre Aquanaut has benefited from significant upgrades in recent years, including a complete repaint of the hull and superstructure in 2022. The canopy was replaced in 2023, and a full winter cover is also included with the boat.

Moorings are available in our marinas in Saint-Jean-de-Losne and Auxonne (Burgundy, France). We can also assist you with financing solutions to help make your boating project a reality.
