Mooring place : H2O (Saint-Jean-de-Losne)

75000 €

Built in 1991 by the Dutch shipyard Aquanaut Yachting Sneek, this Unico exemplifies Dutch expertise in steel motor yachts: robustness, comfort, and elegance. With its timeless lines and carefully designed interiors, it remains a boat perfectly suited for both inland and coastal cruising.

Measuring 11 meters in length and 3.70 meters in beam, this yacht offers excellent livability with a bright saloon thanks to large windows, a fully equipped galley, and a convivial dinette that can be converted into a berth. The aft cabin features a double bed and a bathroom with shower and toilet, while the forward cabin provides a comfortable space for guests. The generous headroom and warm woodwork create a welcoming and elegant atmosphere.

Outside, the aft deck provides a sheltered relaxation area, while the bathing platform makes launching and swimming easy and enjoyable. The steel superstructure, combined with high-quality construction, ensures exceptional longevity, true to the reputation of Dutch shipyards.

This 1991 Aquanaut Unico will appeal both to boaters looking for a comfortable liveaboard experience and to those who wish to cruise peacefully along European canals and rivers.
