

BARGE 30M

30.12 m x 4.80 m - 9
couchage(s) - 4 cabine(s)

Mooring place : Parisian region

180000 €

This elegant barge, measuring around 30 metres in length and built in 1934, embodies all the charm and authenticity of traditional French river transport. Its exterior appearance has been carefully preserved, retaining the spirit of the original merchant vessels with their understated, timeless lines. Only the wheelhouse has been adapted to meet modern requirements, without altering the boat's character.

Inside, the layout offers a warm and comfortable living environment. The barge has four cabins, ideal for accommodating family and guests, each designed to optimise space whilst retaining an intimate atmosphere. The particularly pleasant saloon captivates with its spaciousness and natural light, offering a genuine living space conducive to both relaxation and conviviality.

The fully equipped kitchen blends harmoniously into the overall design and is practical for everyday use, with functional and well-thought-out fittings.

This boat also has specific dimensions, particularly in terms of width, which facilitates access and passage through locks, thus offering smoother and more accessible navigation on many waterways.

Rare for its authenticity and the quality of its fittings, this houseboat will appeal to lovers of life on the water seeking a property with character, combining history and comfort.

The Union certificate is valid until 2031.

Moorings are available in our ports at Saint-Jean-de-Losne and Auxonne (21), for a simple, quick and secure set-up. We can also assist you with your financing arrangements to help bring your project to completion.
