

LIVEBOARD CRUISER 13M "JOHANNA"

13 m x 3.6 m - 4
couchage(s) - 2 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

22000 €

Discover this 13-metre liveboard motor cruiser built in 1985 and fully renovated in 2020 to provide genuine onboard living comfort. Measuring 13 metres in length and 3.60 metres in beam, this vessel represents an excellent opportunity for use as a primary residence, floating home, or inland cruising boat.

Extensive renovation work, including insulation, electrical systems, flooring, and interior fittings, has transformed the boat into a bright, modern, and functional living space. The interior is appealing thanks to its clean design and generous volumes.

The main living area features a spacious open-plan layout combining the helm station, a comfortable lounge, and a dining area. The fully equipped galley includes a gas hob, oven, grill, 220V refrigerator, and microwave, providing everything needed for year-round living aboard.

The bathroom is fitted with a shower and toilet. Accommodation consists of a spacious cabin with a double bed and a single bed, as well as a second single cabin, allowing family and friends to stay on board comfortably. Thanks to its recent renovation and optimized layout, this vessel offers an excellent balance between pleasure boating and a ready-to-live-in floating home.

Moorings are available in our marinas in **Saint-Jean-de-Losne** and **Auxonne** (21). We can also assist you with financing solutions to help bring your project to life.
