CRUISER

Discover this compact motor cruiser measuring 8.60 meters in length and 3 meters in width – the ideal choice for boating enthusiasts seeking a practical and easy-to-maneuver vessel.

To begin with, the boat is equipped with two hydraulic helm stations – one inside and one outside – offering excellent flexibility for navigation. The aft deck is a real highlight, providing the perfect spot to take in the scenery, stay sheltered from the wind, and relax after a day on the water.

Inside, the living space is bright and welcoming, thanks to large windows that flood the cabin with natural light, creating a pleasant onboard atmosphere. Moreover, the layout has been thoughtfully designed to maximize comfort and functionality within a compact footprint. The cruiser features one cabin with a double bed and a

convertible dinette, offering sleeping space for up to three people.
For ease of navigation, the boat includes a VHF radio and a rudder angle indicator.
Additionally, the hull received a full repaint in July 2024, ensuring both a fresh look and enhanced protection against the elements. Lastly, the engine has been carefully maintained, providing reliable and worry-free cruising.
