DE DIESPRONG AQUACRAFT

Discover this motor yacht, a De Diesprong Aquacraft model. Measuring 12.60 meters in length and 3.80 meters in width, this vessel strikes a balance between onboard space and ease of handling. It is suited to both inland waterways and coastal cruising.
Designed for extended stays or autonomous cruising, this boat includes two cabins and can accommodate up to six people. The interior layout offers four single beds and one double bed. The fully equipped galley features a gas stove, 220V oven, microwave, and 220V refrigerator.
Among its notable equipment, the Aquacraft includes reversible air conditioning. It is equipped with two helm stations — one inside and one outside — allowing for flexible maneuvering in all weather conditions.
In terms of maintenance, this boat has been regularly serviced. In 2024, magnesium anodes (plus zinc hanging anodes for saltwater use) were replaced, the antifouling was renewed, and a full annual oil change was performed. The most recent hull survey, carried out in 2022, confirms the vessel’s good condition.
A liveaboard motor yacht, well maintained and ready to sail.
