DE WINTER BOOM BARGE

Experience a peaceful and unique lifestyle on the water with this beautifully fitted De Winter Boom barge, perfectly suited for those seeking space, comfort, and, above all, a different way of life.

Upon entering, you'll find a versatile interior layout that can be adapted to your needs—ideal for both family living and hospitality activities. Even better, a major advantage: the original living quarters, fully independent from the main accommodation, enable a rental business that is already up and running.

This true floating home offers over 140 m² of living space, making it perfect for life on board or extended river cruising. The spacious interior includes 5 cabins with up to 9 berths (4 double beds and 1 single), making it an ideal space for hosting family and guests.

The fully equipped kitchen, designed for everyday use, includes a gas hob, oven, extractor hood, 220V refrigerator, freezer, and dishwasher, ensuring total autonomy on board. In addition, for long-term comfort, the barge also features a washing machine and dryer.

In short, it's a real floating apartment, combining functionality, comfort, and independence—perfect for boating enthusiasts or those planning a life on the water.

Moreover, its prime location adds to its appeal, offering a rare and sought-after living environment. The most recent dry dock inspection, with a hull certificate, was completed in February 2024, guaranteeing safety and compliance.

Ultimately, this De Winter Boom barge is a unique opportunity to combine quality of life, space, and long-term

investment in an exceptional vessel.
