

DUTCH CRUISER “VAGABOND “

11.50 m x 3.50 m - 6
couchage(s) - 2 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

38000 €

Discover this 11.50-meter Dutch motor cruiser, measuring 3.50 meters in beam, built in 1980. She is ideal for both coastal and inland navigation. Pleasant to handle and comfortable to live aboard, she offers a bright and well-designed interior.

The outdoor terrace features a helm station, allowing you to fully enjoy open-air navigation. Two side entrances make boarding and moving around the boat easy and convenient.

Inside, you will find a comfortable saloon with bench seating as well as a second indoor helm station, which is particularly useful in all weather conditions. The aft cabin offers two single beds and a washbasin, along with a second toilet and a shower.

The dinette converts into a double berth and is located next to the functional galley. At the bow, an open cabin provides an additional double bed.

Spacious and well designed, this 11.50-meter Dutch motor cruiser offers plenty of storage and a comfortable layout, making her ideal for cruising with family or friends.

The latest survey was carried out in 2024, and the antifouling and hull paint were completed in 2025. The shower still needs to be waterproofed.

Mooring berths are available in our ports in Saint-Jean-de-Losne and Auxonne (Burgundy, France), allowing for an easy, quick and secure installation. We can also assist you with financing options to help make your project a reality.
