

## FREYCINET BARGE 38.71 M

38.71 m x 5.07 m – 6  
couchage(s) – 2 cabine(s)

Mooring place : East of France

**167000 €**

Formerly used for transporting wheat between Reims and Rouen, this 38.71-meter Freycinet barge reflects a rich riverine history. It was later converted into a residence in the 1980s. In 2021, the current owner purchased the barge and undertook extensive compliance upgrades and interior renovations, completed in 2022. Today, this barge offers a privileged living environment, enhanced by three fitted terraces that serve as genuine outdoor spaces. Ideal for entertaining, enjoying a sunny lunch, or relaxing on the water in the evening, they naturally extend the interior living areas and enhance the sense of freedom unique to life on board. Inside, the boat reveals a large living area combining the salon, dining room, and open kitchen, creating a particularly bright and spacious environment. Thanks to generous volumes, smooth circulation, and natural

light, the atmosphere is warm and elegant, perfectly suited for daily life as comfortable as in a home.

The fully equipped kitchen, both aesthetic and functional, allows for excellent cooking conditions while staying at the heart of the social space. Altogether, it forms a harmonious, comfortable, and refined living area, where every space combines practicality and quality of life on the water.

Additionally, this 38.71-meter Freycinet barge features a large 160 m<sup>2</sup> open hold, fully modular, offering numerous possibilities: extra living space, workshop, offices, gym, or rental project. The hull, sound and regularly maintained, is ready to accommodate new projects.

Finally, the EU certificate is valid until 2031 for navigation zones 3 and 4.
