Freycinet Thuin 39,10 m

Barge built in 1965 at the Chantier Naval de Thuin, in Belgium. She sails under the Belgian flag and VAT has been paid. Her inland navigation certificate, issued by the Brussels Inspection Commission, is valid until 3 September 2028 and covers European Union waterways in zones 3 and 4, as well as zone 2 in the Netherlands. The accommodation occupies the aft section: wheelhouse, dining area open to the galley, one panelled cabin with a double berth, a shower room and a separate WC. The dinette and the saloon provide convertible berths. The engine room, reached from aft, houses a 350 hp Cummins NTA-855-M with keel cooling. The hold is entirely clear and remains to be fitted out; it is laid with 150 m² of raised technical flooring on pedestals. The hull was surveyed in August 2023 and repainted below the waterline at the same time.
