100000 €

This Euroclassic barge offers a comfortable and welcoming living environment, ideal for cruising or year-round living. It combines the charm of a traditional boat with the practicality of a fully functional floating home. Inside, you'll find a spacious, bright, and inviting saloon, equipped with a stove and a seating area. The adjacent kitchen features a generous worktop, a four-burner gas stove, an oven—providing rare modern comfort on a boat of this type—a grill, as well as a 220V and 12V refrigerator and a freezer. The forward cabin offers a double bed with a private bathroom, including a shower, toilet, and separate sink. At the aft, a second cabin with two single beds also has a shower and a toilet. With its two cabins, thoughtful layout, and a headroom of two meters, this barge ensures plenty of space and excellent liveability.

Additionally, this Euroclassic barge is equipped with two steering positions—one inside and one outside—allowing you to navigate in all weather conditions and enjoy sunny days in summer.

This barge is both a pleasant cruising vessel and a comfortable, functional floating residence.
