

HOEKSTRA KRUISER 1100 GSAK "SEA SCOUT"

11 m x 3.40 m - 6
couchage(s) - 1 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

49000 €

Discover this charming 11-meter Dutch motor yacht, measuring 3.40 meters in width and built in 1979. It is perfectly suited for peaceful cruising along French and European canals.

To begin with, the aft deck—pleasant both underway and at anchor—offers a beautiful space to enjoy the scenery. In addition, the boat features two helm stations, one inside and one outside, allowing navigation in all weather conditions and the pleasure of steering outdoors during warm summer days.

Next, the side entrance leads to a bright and comfortable interior, consisting of a welcoming saloon, a cabin with a double bed, and a bathroom equipped with a shower and toilet. The galley is functional and well equipped (gas stove, 220V oven, extractor hood, 12V and 220V refrigerator), and the dinette provides a friendly

dining area. Two additional comfortable berths are located in the forward peak.

Finally, the technical side has been carefully maintained: a hull survey was carried out in 2023, followed by sandblasting and a complete repaint the same year. In summary, this is a reliable and inviting motor yacht, ready for new adventures.
