60000 €

Built by the Kees Cornelissen shipyard in Heerwaarden (Netherlands), this motorboat perfectly reflects Dutch expertise in robust, comfortable design, and above all, is tailored for life on board.

From the very first moments, this unique model, primarily designed for sea navigation, captivates with its bright and well-arranged living space.

Inside, you will find a large elevated lounge bathed in natural light, offering an exceptional panoramic view of the surrounding landscapes — a true relaxation area to fully enjoy your voyage. Additionally, the spacious kitchen located one level below combines functionality and comfort: ceramic hob, microwave, refrigerator... everything you need to prepare meals just like at home.

On the sleeping side, the boat features two comfortable cabins accommodating up to 5 berths, perfect for family cruises or trips with friends. Complementing this, two separate toilets and an independent shower enhance comfort, ensuring a smooth and pleasant life on board.

Outside, a generous forward deck invites relaxation, ideal for enjoying the scenery whether underway or at anchor.

In summary, this Kees Cornelissen motorboat is perfect for sea navigation or to enjoy a peaceful and nomadic lifestyle with complete autonomy.

Please note: a full repaint would be beneficial.
