LINSSEN CLASSIC STURDY 32 AC “TRITON II”

Discover this Linssen Classic Sturdy 32 AC, a Dutch motorboat known for the quality and robustness of its build. Built by Linssen Yachts in the Netherlands, this model is appreciated for river cruising and coastal voyages thanks to its stability, manoeuvrability and on-board comfort.
Measuring approximately 10.15 metres in length, 3.45 metres in width and with a draught of around 1 metre, this boat offers dimensions suited to most waterways while maintaining a good living space. This model has seen very little use and remains in very good overall condition, both mechanically and aesthetically.

Interior layout

The interior offers the warm atmosphere typical of Dutch motorboats, with fine woodwork and plenty of natural light. The saloon features bench seating, providing a space to relax or enjoy meals together. The interior layout is well thought-out for a boat of this size, offering space and comfort comparable to that usually found on vessels of around 13 metres.
The functional galley includes a hob, a fridge, a sink and plenty of storage.
The layout features an aft cabin with a central double bed, wardrobes and a toilet, providing a well-organised sleeping area. At the bow is a second cabin, also featuring a central double bed. A bathroom fitted with a shower and a toilet completes the interior layout. The boat also features a heating system, allowing use in all seasons.

The exterior of the vessel

Outside, the aft deck houses the helm station, offering a good position for navigation. The wide, secure side decks make moving around the deck easy.
Sturdy and built to last, this Linssen Classic Sturdy 32 AC will suit boaters looking for a comfortable and safe motorboat for exploring the waterways.
Mooring berths are available at our ports in **Saint-Jean-de-Losne** and **Auxonne** (21). We can also assist you with the financing process to help bring your project to completion.
