Are you dreaming of an ambitious and exciting project? Built in 1973, this 13.80-meter by 3.50-meter motor yacht is perfectly suited for river cruising and is now waiting for its future owner to unlock its full potential. Indeed, this boat requires a complete renovation: it is a true blank canvas that will allow you not only to design a unique layout that reflects your personal style, but also to enjoy an original living space on the water. The boat already includes a cabin, a bathroom with shower and toilet, as well as a kitchen equipped with a gas hob, gas oven, gas refrigerator, and a microwave. In addition, two helm stations—one inside and one outside—make it possible to cruise comfortably while fully enjoying the sunshine during beautiful summer days.

As for navigation equipment, you will find a VHF radio and a speedometer, offering a solid foundation for your future river adventures.

Finally, if you are handy, creative, and looking for a renovation project that will allow you to transform a boat into a true floating home, this motor yacht represents an ideal opportunity. It is the perfect choice to give free rein to your ideas and bring to life a unique project that truly reflects you.
