

OCEAN ALEXANDER MOTOR YACHT

13.45 m x 4.25 m - 6
couchage(s) - 2 cabine(s)

Mooring place : West of France

145000 €

This attractive Ocean Alexander 390 motor yacht is renowned for the quality of its build and its excellent level of on-board comfort. It is particularly popular for coastal cruising and extended trips thanks to its range and generous interior space. Its modified V-shaped hull ensures a stable and reassuring ride, whilst its considerable beam offers remarkable living space for a boat in this class.

This boat features a particularly well-designed interior layout with two separate cabins. The owner's cabin, located aft, offers ample space and its own en-suite bathroom, providing true comfort both underway and at anchor. The forward cabin accommodates guests in comfort, complemented by a second bathroom. The saloon is spacious and bright, incorporating an inboard helm station as well as a convivial living area. The fully

equipped galley allows for self-catering stays on board. The wooden finishes create a warm and elegant atmosphere.

Outside, the boat features a flybridge with a helm station offering excellent visibility, as well as a large covered aft cockpit, ideal for meals or relaxing. The gangways are wide and secure, making it easy to move around on board, and the aft swim platform nicely complements the facilities designed for life at sea.

Powered by two diesel engines of around 300 horsepower each, with shaft drive, this yacht achieves a comfortable cruising speed of around 15 to 17 knots and can reach nearly 20 knots at top speed. Its polyester construction ensures robustness and durability, whilst making maintenance straightforward.

This boat represents an excellent opportunity for a boater seeking a reliable, comfortable yacht that is perfectly suited to cruising with family or friends.

The most recent survey was carried out in 2024 and the hull was repainted below the waterline in 2025.

Moorings are available in our ports at Saint-Jean-de-Losne and Auxonne (21), for a simple, quick and secure mooring. We can also assist you with your financing arrangements to help bring your project to fruition.
