

## OFXORD CRUISERS

**16.95 m x 4.35 m - 4 couchage(s) - 2 cabine(s)**

Mooring place : East of France

**23000 €**

Luxury barge built in 2004 for river and coastal navigation. Fully equipped down to the cutlery and bedding, the boat is ready to sail. She is built light and low and looks smaller than she is. With the engine located forward and the wheelhouse taking up no space, the living space is enhanced. It's a modern, urban-style floating flat, with all the comforts needed to moor in the middle of idyllic countryside or in the centre of a city, depending on the mood of the day. Its low profile and panoramic windows make the saloon a veritable winter garden. It really is the very best of the 'room with a view'.
