PASSENGER BOAT

This 21.14-metre long and 4.27-metre wide passenger boat, built in 1968, was specifically designed for river navigation and sightseeing cruises. Robust and functional, it fully meets the requirements of professional operations on inland waterways.
The vessel holds a valid EU certificate until 2026, ensuring compliance with current regulatory standards and providing a reliable guarantee of safety and peace of mind for immediate operation.
With a capacity of up to 120 passengers, this boat provides an ideal platform for a variety of commercial activities, such as sightseeing tours, guided cruises, event hosting, or, more broadly, river tourism. In addition, its interior layout allows smooth passenger flow and enables simple, efficient, and practical operation, suitable for both regular trips and occasional charters.
Finally, reliable and proven, this 21.14-metre passenger boat represents an excellent opportunity for professionals looking to start, continue, or expand a passenger transport business on inland waterways, with a vessel that is compliant, fully operational, and ready to use.
