

PASSENGER VESSELS - MOTOR CRUISERS -

19.1 m x 5.02 m - 0
couchage(s) - 0 cabine(s)

Mooring place : Centre de la France

99840 €

This 19.10-meter-long and 5.02-meter-wide passenger vessel, built in 1978, was specifically designed for river navigation and sightseeing cruises. Robust and functional, it perfectly meets the demands of professional operations on inland waterways.

The vessel holds a valid EU certificate until October 2026, ensuring compliance with current regulatory standards—an essential advantage for immediate and worry-free operation.

With a capacity of up to 120 passengers, this boat provides an ideal platform for various commercial activities, such as sightseeing tours, guided cruises, event hosting, or, more broadly, river tourism. Its interior layout also allows smooth passenger flow and efficient operation, making it well-suited for both regular services and

occasional charters.

Versatile and proven, this 19.10-meter passenger vessel offers strong operational potential, whether for a professional looking to launch a new venture or an operator aiming to continue or expand an existing business. A rare opportunity for passenger river transport professionals seeking a reliable, compliant, and immediately operational vessel.
