

PEDRO 36 “HIVA OA”

10.80 m x 3.40 m - 6
couchage(s) - 1 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

50000 €

Discover this Pedro 36, a Dutch-built motor cruiser renowned for her solid construction, low maintenance requirements and generous living space. Equally at home on the inland waterways and coastal passages, she represents an excellent opportunity for boaters looking for a vessel they can make their own.

With her classic lines and robust steel hull, the Pedro 36 offers a comfortable and practical living environment. Her bright, well-designed interior makes extended stays on board a real pleasure, with a layout built around comfort and conviviality. The saloon, galley and sleeping areas provide everything needed for cruising with family or friends — 1 cabin, 6 berths including a convertible dinette and a double bed.

Movement around the boat is safe and easy, while the generous outdoor spaces allow you to fully enjoy your

time underway and at your favourite moorings. At 10.80m x 3.40m, she is manageable enough for stress-free handling yet spacious enough to offer a superb balance between comfort and practicality.

The boat currently requires a general cosmetic refresh to restore her to her full potential. Varnish and paintwork need attention, and the hull will need repainting. These works present an ideal opportunity to bring the boat up to your own standard and taste, while unlocking her true value — a genuine project at an attractive price point.

Key specifications:

Year: 1991 · Builder: Pedro Boats · Hull: Steel · Engine: Volvo 100 HP diesel · Air draught: 2.40m · Water draught: 1.20m · Fuel tank: 300L · Fresh water: 400L · Heating: Eberspächer blown-air · Hot water: engine + 220V · Battery charger & inverter: Victron · Dual helm stations (hydraulic)

Lying at Saint-Jean-de-Losne (Burgundy, France) — France's largest inland marina and the crossroads of Europe's waterway network. Berths are available at our marinas in Saint-Jean-de-Losne and Auxonne. We can also assist with financing arrangements to help make your project a reality.

Features of the boat
