The Pedro H2home functions as a true floating home, offering a relaxing and immersive boating experience on rivers, canals, and lakes. From the very first handling, this boat impresses with its ease of use: thanks to its maneuverability, it is accessible to everyone, even without extensive experience. As a result, it is equally suitable for long excursions or peaceful stays at the dock.

While underway, its hull ensures remarkable stability, soothing quiet, and smooth motion. In addition, generous storage spaces provide optimal comfort on board. The Yamaha engine, renowned for its reliability and quiet operation, allows for impressively calm cruising.

With its shallow draft and generous headroom, the H2home can easily access the most secluded spots. Its

thoughtful construction features durable, low-maintenance materials, such as insulated sandwich panels and aluminum joinery with safety double glazing, offering excellent thermal and acoustic insulation. Consequently, this boat can be used year-round, even in cold weather.

Inside, the layout is designed for maximum comfort. Thanks to its livable and autonomous design, the Pedro H2home is also perfectly suited for professional use, such as a floating guesthouse project.

The sale price is set at **€119,000 VAT included**, making it an attractive opportunity for a boat that is comfortable, versatile, and durable.

The VAT included in this price is **deductible** if you purchase the boat for a VAT-registered business or if you export it outside the European Union.
