Convertible barge 39m “SAIGA”

Discover this convertible barge, measuring 39.16 meters in length and 5.06 meters in width, built in 1950. This vessel offers potential for a professional venture or a residential conversion. Previously used as a venue for cultural, sporting, and entertainment events, it offers generous interior space and a flexible layout, suited to hosting the public or creating a floating home.
The current layout includes a reception area, a spacious and bright main hall, a wheelhouse, and a fully equipped kitchen with a gas stove, refrigerator, and microwave. It also features a shower, toilet, and a cabin with a single bed.
From a technical standpoint, the barge has been recently maintained: the hull doubler plates and hull paint

were redone in 2023.
Depending on your intended use — stationary or cruising — the community certificate will need to be renewed either for a floating establishment or as a navigable vessel.
This barge can be transformed into a main residence, guesthouse, event space, or even a floating shop.
