Discover this exceptional convertible barge, measuring 39.16 meters in length and 5.06 meters in width, built in 1950. This unique vessel offers tremendous potential for a professional venture or a residential conversion. Previously used as a venue for cultural, sporting, and entertainment events, it boasts generous interior space and a flexible layout, ideal for hosting the public or creating a distinctive and comfortable floating home. The current layout includes a reception area, a spacious and bright main hall, a wheelhouse, and a fully equipped kitchen with a gas stove, refrigerator, and microwave. It also features a shower, toilet, and a single cabin — perfect for occasional overnight stays or staff accommodation. From a technical standpoint, the barge is in great condition, with hull repainting and doubling work completed in

2023, providing a solid foundation for any new project.

Depending on your intended use — stationary or cruising — the community certificate will need to be renewed either for a floating establishment or as a navigable vessel.

This versatile barge represents a rare opportunity to bring your vision to life: transform it into a main residence, guesthouse, event space, or even a floating shop — the possibilities are endless!
