

11 m x 3.1 m - 5  
couchage(s) - 2 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

**37000 €**

## **PENICHETTE 1107 W CYDOALE**

The Pénichette 1107 was built by Locaboat Industries between 1982 and 1992. The 1107 W is the version with glazed doors and an enlarged sunroof, with a raised inside steering position that opens up the view over the canal. This 11-metre format, with shallow draught and low air draught, gives access to the whole French waterway network and remains easy to handle in locks as well as alongside.

CYDOALE is a 1988 example with a GRP hull, in the hands of the same owner since 2014. The layout follows the original configuration: wheelhouse with hydraulic steering position and sunroof, convertible dinette, galley, shower room with shower and electric WC, and two cabins. The flooring is linoleum. Heating is provided by a Webasto forced-air system, and hot water by the engine or 230 V.

A good deal of equipment has been renewed over the last few years: refrigerator, oven and hob, mattresses and cushions, solar panels, television with automatic satellite dish, inverter, bathing ladder, water heater and batteries.

The boat can be viewed at the H2O marina in Saint-Jean-de-Losne.

## Features of the boat

| Generalities                                                                                                                                                                                                                                                                                                                                                                                 | Technical                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
