PRINCESS MOTOR YACHTS

The Princess 32, built by the Princess Motor Yacht shipyard, is a motorboat from the 1970s–80s, known for its durability, classic design, and reliability. Measuring 9.65 meters in length and 2.90 meters in width, this model is suited to both river and coastal cruising — offering maneuverability, space, and comfort. The Princess 32, derived from the Project 31 in 1969, was the first model to carry the Princess name; over 600 were built before the 30DS replaced it in 1980.
The living area balances comfort and practicality. The spacious and bright saloon provides a space to relax or enjoy meals. The fully equipped galley features: gas hob, 220V oven, microwave, 220V fridge, and a 12V fridge. For the night, a cabin offers a sleeping area. The boat also includes a bathroom with a shower and toilet.
When it comes to navigation, this boat comes equipped with: GPS, depth sounder, speedometer, VHF radio, rudder indicator, and compass. Whether you're a first-time boater or an experienced cruiser, this boat is ready for navigation.
This Princess Motor Yacht is a versatile vessel, appreciated for its solid build, shallow draft, and ease of maintenance — suited to a first-time buyer or to cruising on inland waterways.
