

SUCCESS 125 ULTRA

12.50 m x 3.99 m - 5
couchage(s) - 2 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

178000 €

Built by the Dutch shipyard Succes Jachten, the De Vlinder Success 125 Ultra is a 12.50-meter-long, 3.99-meter-wide steel yacht that combines both elegance and robustness. In addition, its teak interior creates a warm and inviting atmosphere. The spacious main salon provides access to the aft deck and forms a comfortable living area, perfect for entertaining family and friends.

Furthermore, the aft master suite features a spacious double bed and a private bathroom with shower and separate WC, while the forward cabin offers two single beds with WC and shower. Additionally, the fully equipped galley, including a refrigerator, ceramic hob, 220V oven, freezer, and microwave, allows you to prepare meals just like at home.

On board, every detail has been designed for comfort: reversible air conditioning, Webasto heating, generator, bow and stern thrusters, washing machine, and a reliable, well-maintained engine. Thus, the De Vlinder Success 125 Ultra functions as a true floating residence, designed for long and comfortable cruises, with a focus on quality and freedom.

Finally, the yacht is equipped with a gas detector and a smoke detector for enhanced safety.
