TJALK 19 M “DOL-FIJN”

This 19-metre Tjalk, built in 1910, stands out for its authenticity and generous proportions. It features a large terrace covered by a sun awning and a wheelhouse with two side doors. Inside, a spacious saloon with a fitted kitchen and two double cabins at the bow, each with a separate WC and shower. Plenty of storage space optimises the living area.
Since 2011, this boat has undergone a complete professional refit: the interior layout has been rebuilt, all technical systems (engine, heating, bow thruster, generator) have been replaced, the networks entirely redone, the exterior paint renewed, and the hull below the waterline refurbished. In April 2025, the hull was sandblasted, repainted and surveyed.
