

TJALK 19 M “DOL-FIJN”

19 m x 4 m - 4
couchage(s) - 2 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

23000 €

This magnificent 19-metre-long Tjalk, built in 1910, charms with its authenticity and generous proportions. It features a large terrace covered by a sun awning and a wheelhouse with two side doors. Inside, there is a spacious saloon with a fitted kitchen and two double cabins at the bow, each with a separate WC and shower. Finally, plenty of storage space optimises the living area.

Since 2011, this boat has undergone a complete professional refit: the interior layout has been rebuilt, all technical systems (engine, heating, bow thruster, generator) have been replaced, the networks have been entirely redone, the exterior paint renewed, and the hull below the waterline refurbished. Moreover, in April 2025, the hull was sandblasted, repainted, and surveyed, ensuring an impeccable condition.

In addition, this professional work, documented with the full history of invoices and nearly 2,000 photos of the refit, represents an investment far greater than the current asking price. Thus, this 19-meter Tjalk offers a rare opportunity to acquire a character vessel ready to cruise, ideal both for leisure boating and as a prestigious floating residence.
