Built in 1908 by the J. Bosh shipyard, this stunning 20.46-metre Tjalk combines authentic charm with modern comfort. Ideal for living on board or cruising in complete peace, it offers a spacious and welcoming layout. The traditional wheelhouse, equipped with a helm station, allows for easy navigation on all waterways. Downstairs, you will find a large, convivial salon with sofas and armchairs, connected to a well-equipped kitchen (gas hob, gas oven, extractor hood, refrigerator, microwave), creating a comfortable dining area. The sleeping area of this 20.46-metre Tjalk comprises two cabins: one with a double bed, the other with a single bed, as well as a bathroom with a bath and WC. Comfort is enhanced by oil-fired heating, a hot water and pressurisation system, and a headroom of over 2 metres.

Outside, the large foredeck is designed for enjoying sunny days and scenic views.

Please note: the EU certificate needs to be renewed.
