

TRITON MARINE "YASU"

12.20 m x 3.05 m - 3
couchage(s) - 1 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

62000 €

Discover this Triton Narrowboat barge, built in 2008 by Triton Marine, a shipyard renowned for the quality of its liveaboard boats, combining robustness, comfort, and fine finishes. It is ideal for living on board or as a second home on the water.

This boat offers generous volumes and a well-thought-out design. At the stern, a terrace equipped with a fully enclosed canopy creates a true additional living space, usable all year round. At the bow, a second terrace provides a pleasant area to enjoy the outdoors. The wheelhouse features a helm station with a bench seat, while the interior includes a functional kitchen, a cozy dinette, a bathroom with shower and toilet, as well as a forward cabin with a double bed. Overall, the boat is particularly spacious and comfortable for its size.

This Triton Marine barge benefited from a full repaint in November 2019. In addition, a survey report was completed in December 2024. Finally, the engine was serviced and oil changes were carried out in 2024. This is a great opportunity for lovers of life on the water or for an unusual housing project, with a sound, well-maintained boat built by a reputable shipyard.
