VALKRUISER 1260 “ARMIDA”

Built in 1987 by the renowned Dutch shipyard Gijs van de Valk, known for the quality and robustness of its steel constructions, this Valkruiser 1260 impresses with its timeless elegance and onboard comfort. Thanks to its thoughtful design, it is perfectly suited for both inland and coastal cruising, combining safety, space, and conviviality for truly relaxing journeys.

With its 12-meter length, the boat offers a warm and functional interior featuring a bright and spacious saloon with dining area, a fully equipped galley, two comfortable cabins, and a bathroom with shower and toilet. Moreover, the large outside helm, sheltered by a canopy, serves as an additional living area — ideal for enjoying the open air in comfort.

Designed for extended cruising, the boat is equipped with a mast and stabilizing sail for coastal waters, as well as a complete inventory including tableware, kitchen utensils, bedding, household linen, and a full set of tools, featuring a Fein multifunction tool and an electric sander. In addition, two De Blasi folding bicycles, stored in the deck locker, complete this particularly well-maintained vessel.

It is also worth noting that the engine is fully soundproofed, making the saloon exceptionally quiet while cruising.

Easy to handle, comfortable, and ready to set off, this Valkruiser 1260 perfectly embodies the charm and solid craftsmanship of Dutch boatbuilding. It is suitable for cruising on all canals, including the Canal du Nivernais.
