# Van der Heijden 1500 Dynamic

The 1500 Dynamic is one of the most widely built models from the Dutch yard Van der Heijden, valued for the quality of its steel construction and for sound handling both at low speed and at a sustained cruise. The model is designed and built at Waalwijk. This 2007 example is 15.50 m long, with steel hull and superstructure, and is powered by two 170 hp Vetus Deutz engines on shaft drive. Her CE category C allows her to move from the inland waterway network to coastal cruising without restriction. Below, three cabins, two shower rooms and two heads, with 1.95 m of headroom: the volume of a boat built to be lived aboard, not merely cruised.
With 1,136 hours on the clock, the engines have seen little use for a boat of this vintage. The owner has also carried out a continuous programme of works since 2022: 2,000 W of solar panels providing electrical autonomy under way, Victron isolation transformers, domestic batteries replaced in 2024, engine and generator batteries in 2023, engine service and replacement of the water pumps, a 30 L electric water heater. In July 2026 the deck and side decks were completely refurbished and the deck covering replaced.
A sound-insulated Onan 7 kVA generator, a Kabola diesel boiler, hot water on 220 V, full thermal insulation and double glazing on every window: the boat is comfortable in any season and largely self-sufficient at anchor as well as away from shore power. Bow and stern thrusters and an electric windlass keep manoeuvring and mooring within reach of a small crew.
A well-maintained, well-equipped boat, ready to cruise, with nothing left to attend to before setting off.
The exterior photographs were taken before the deck refurbishment work was carried out.

Features of the boat

## Generalities

Type of boat : Motor Cruisers
Length (m) : 15.5 m
Width (m) : 4.5
Builder : Van Der Heijden
Model : 1500 Dynamic
Year : 2007
Hull : Steel
Superstructure : Steel
Air draft (m) : 3.4
Water draft (m) : 1.3
Navigation : River,Maritime
Category CE : C (near the coast)

## Comfort

Cabin(s) : 3
Sleeping(s) : 5
Single bed(s) : 1
Double bed(s) : 2
Type of WC : Electric,2
Shower(s) : 2
Kitchen : Gas hob,Oven 220V,Extractor hood,220V refrigerator,Freezer
Laundry : Washing machine,Dryer
Min. headroom : 1.95
Hot water : Heated by 220V
Heating : Kabola boiler fuel
Type of insulation : Polyurethane foam
Extra : Gas detector, fire detector and alarm system (with visual and audible warning if the shore power supply is cut).

## Deck and exterior

Steering position(s) : 1,Hydraulique
Outdoor equipment : Outdoor furniture,Bathing ladder,Bathing platform,Sunshade,Mast,Projector,Davits,Electric windlass,Windlass,Deck wash pump,Dinghy
Deck covering : Synthetic teak, all decks
Windows : Aluminum frame,Double glazing on all windows,Anti-UV film
Extra : Tender with 9.9 hp outboard engine.

## Technical

Number of engines : 2
Power per engine (HP) : 170
Engine make : Vetus Deutz
Engine year : 2007
Fuel : Diesel
Engine hours : 1136
Exhaust : Wet
Engine cooling : Inter Cooling
Automatic fire extinguisher in the engine room : Yes
Number of propeller blades : 4
Shaft lubrication : Grease
Propeller shaft sealing : Classic stuffing box
Cruising speed (km/h) : 15
Propulsion type : Propeller shaft
Bow thruster : Cupa,24V
Stern thruster : Cupa,24V
Bilge pump(s) : 3
Service battery(ies) : 6 (2024)
Type of service battery(ies) : Gel
Motor battery(ies) : 2 (2023)
Type of motor battery(ies) : Acid
Type of propeller battery(ies) : Acid
Generator battery(ies) : 1
Generator battery type(s) : Acid
Generator set : Onan Marine Genset 7 kVA insonorisé
Combi (charger/converter) : Yes,Victron,24V/3000W-70A
Isolation transformer : Victron,3500W
Solar panel(s) : 6
Voltage on board : 220V,12V,24V
Extra : Anti-corrosion treatment of the bilges.

## Tank

Engine fuel : 800
Heating fuel : 800
Drinking water : 1000
Drinking water treatment : Filtration
Black water : 370
Black water tank evacuation pump : Yes

## Navigation

Navigation equipment : GPS,Sounder,Speedometer,VHF,Bar Indicator,Compass
Extra : GPS, echo sounder, speedometer, VHF, compass, rudder angle indicator, AIS unit and anemometer on weather station.
