Mooring place : Paris region

95000 €

VAN DER VALK

This 12.60-meter Dutch motor cruiser, built in 1992, stands out with its spacious interior and generous headroom throughout the boat. It is suited both to long-distance cruises and to living on board year-round.
On the outside, the large aft deck with helm station and direct access to the interior provides a welcoming space, equally enjoyable while cruising or at anchor. Inside, the bright saloon with seating and ample storage creates a practical atmosphere.
The night layout: the aft cabin offers a central double bed with separate bathroom and toilet, while the functional galley is fitted with an electric stove, microwave, and 12V refrigerator. The dinette converts into an extra berth, and the forward cabin provides two single beds.
