

VAN DER VALK

12.60 m x 3.60 m – 4
couchage(s) – 2 cabine(s)

Mooring place : Parisian region

95000 €

This elegant 12.60-meter Dutch motor cruiser, built in 1992, immediately impresses with its spacious interior and generous headroom throughout the boat. It is therefore ideal both for long-distance cruises and for living on board year-round.

On the outside, the large aft deck with helm station and direct access to the interior provides a welcoming space for convivial moments, equally enjoyable while cruising or at anchor. Inside, the bright saloon with seating and ample storage creates a warm yet practical atmosphere.

The night layout is clearly designed with comfort in mind: the aft cabin offers a central double bed with separate bathroom and toilet, while the functional galley is fitted with an electric stove, microwave, and 12V refrigerator.

In addition, the dinette easily converts into an extra berth, and the forward cabin provides two single beds. Finally, this 12.60-meter Dutch motor cruiser is designed to navigate both at sea and on inland waterways, combining comfort and livability in all situations.

Please note that the latest survey was carried out in 2021.
