

## Van Vliet Atico 38 Joanne

11.50 m x 3.80 m - 5  
couchage(s) - 2 cabine(s)

Mooring place : H2O (Saint-Jean-de-Losne)

**115000 €**

Dutch steel motor cruiser built in 1994 by the Van Vliet yard in Vinkeveen (Netherlands). The Atico 38 is representative of traditional Dutch construction: a teak-panelled interior and well-conceived volumes, with 2 m of headroom in the galley and close to 1.96 m in the saloon. The two cabins are separate, each with its own independent heads.

The hull was repainted in 2024.

The sound-insulated diesel generator and the battery bank with its 4000 Watt inverter provide genuine electrical autonomy away from port. The forced-air heating and 50 mm mineral-wool insulation make for

comfortable use in any season.

A carefully maintained and closely followed boat, suited to extended inland and coastal cruising as well as to prolonged stays on board.
