A beautiful pleasure boat, perfectly suited to river cruising and comfortable voyages.

The Valkkruiser 12.50 AK is a Dutch motor yacht-style pleasure boat, renowned for its robustness and comfort at sea. Built from steel, it offers excellent stability and a high level of safety whilst underway, making it ideal for canals, rivers and sheltered waters.

The interior layout is designed for extended cruising, featuring multiple berths, a bright central saloon, a fully equipped galley and a spacious aft cabin, offering true comfort of life on board. The bathroom is functional, with a shower and toilet.

The hull was last painted below the waterline in 2026. The transmission has been completely overhauled,

including the replacement of the hydrolube bushings. The bimini top is new and has been completely refurbished. The windows have been sealed, and the boat has been specifically adapted for river navigation. This type of boat is particularly popular for river and coastal navigation, combining comfort, autonomy and reliability, whilst remaining easy to manoeuvre. Additional photos and 360° views will be uploaded shortly.

Moorings are available in our ports at Saint-Jean-de-Losne and Auxonne (21). We can also assist you with your financing arrangements to help bring your project to completion.
