VALKVLET MOTOR CRUISER “TOOTJE”

The Valkvlet 12.30 BB is an iconic Dutch motorboat built by the renowned P. Valk Yachts shipyard in Franeker, the Netherlands. Renowned for the robustness of its vessels, the shipyard has made the Valkvlet a true classic for river and coastal navigation. It was designed by Th. Gillissen, with a round-bilge hull.
With a length of 12.30 metres and a high-quality steel construction, this model offers safety, comfort and reliability. Its elegant lines and traditional look are immediately appealing, while offering practical amenities for life on board.
The bright and welcoming interior includes a spacious saloon with beautiful wood panelling, a fully equipped galley with a convivial dinette, and two cabins offering optimal comfort for family and friends. The bathroom is functional with a shower and WC.
Outside, the generous aft deck and sheltered wheelhouse are real assets for enjoying both sailing and mooring.
The Valkvlet 12.30 BB stands out for its ease of manoeuvring and its stability. Two new engines were installed in 2016 by H2O. A complete maintenance history is available.
This Dutch motorboat with character combines tradition and modernity, suited to river and sea cruising.
