VRI-JON CRUISER “SUMMERTIME”

The Vri-Jon motor yacht, built by the Vri-Jon DSA Yachts shipyard in Ossenzijl, the Netherlands, combines Dutch craftsmanship with build quality. Vri-Jon constructs its vessels in steel, following the Dutch naval tradition, with handcrafted finishes, known for their robustness.
Designed to offer both comfort and safety, this motor yacht stands out with its displacement hull, ensuring stability while underway. The interior, spacious and bright, features a functional layout designed for life on board, including a saloon, an equipped galley (gas stove, 220V refrigerator), and two cabins, notably a spacious aft double cabin.
The elevated exterior deck provides a space for relaxation, outdoor dining, or piloting. Thanks to its low air draft and significant range, this motor yacht is equally suited to European canals and rivers as well as maritime excursions.
The last antifouling was completed in 2023, and the deck was repainted in 2025.
This Vri-Jon motor yacht combines reliability and the pleasure of navigation.
